👛 Experience

Senior Business Intelligence Specialist – University of Missouri – Kansas City	<i>Aug 2025 – Present</i>
– Brought in to establish a new ‘data concierge’ position for international affairs and admissions offices – Used my dual background to provide non-technical explanations of data to student facing practioners and explanations of non-technical business processes to data engineers to overcome persistent miscommunication issues – Worked inside Slate and TerraDotta platforms to improve data quality and enhance functionality – Automated a variety of manual processes underpinned by two-way communication between the platforms and the university data warehouse – Standardized templates and procedures to ensure accurate and consistent queries – Developed new automated processes to log student interactions with recruiting consultants and the university chatbot to paint a clearer picture of student journeys – Created a variety of reports and dashboards for non-technical users to digest complex data	
Senior Planning Analyst – Arizona State University	<i>May 2025 – Aug 2025</i>
– Assessed degree requirement complexity using curricular analytics and UAchieve degree audit data	
Graduate Assistant & Fellow – University of Florida	<i>Aug 2021 – May 2025</i>
– Taught in the “R Class” for 3 years including the majority of instruction in Spring 2024 – Performed data cleaning, statistical analysis, and data visualization for research projects	
Residence Hall Coordinator – University of Missouri – Columbia	<i>Jul 2020 – May 2021</i>
– Oversaw an apartment-style residence hall, home to 404 residents, in the first year of a public-private partnership, involved crafting procedures to manage 3rd party keys systems – Led a team of 16 resident assistants and 3 hall government officers in supporting students and creating community amid the challenges and restrictions of the COVID-19 pandemic – Responded to a variety of serious scenarios including mental health crises, incidents of sexual harassment, and student hospitalizations across an area home to 3242 residents – Utilized StarRez housing management system and Starfish student success software	
Graduate Community Coordinator – University of Florida	<i>Jul 2019 – May 2020</i>
– Oversaw a traditional-style residence hall, home to 222 residents, including an international community of United World Scholars – Led a team of 5 resident assistants and 4 hall government officers responsible for support and educational programming, including an alcohol medical amnesty policy campaign – Responded to a variety of crisis scenarios including the onset of the COVID-19 pandemic, and hurricane preparations across an area home to 3,655 residents – Utilized a homegrown housing management system and Maxient student conduct software	
Summer Sessions Graduate Intern – Georgetown University	<i>May 2019 – Jul 2019</i>
Graduate Assistant – University of Florida	<i>Aug 2018 – May 2019</i>
Advising Intern – US-UK Fulbright Commission	<i>Jan 2018 – Jun 2018</i>
Student Ambassador – University of Birmingham	<i>Jan 2015 – Jun 2018</i>
